Subject: Clean our river and promote our economy

The EPA should think about small companies and families that will help foot a big bill for the river cleanup when many of them struggle.

A massive cleanup plan for the Willamette is well-meaning. But I'm concerned that it will also come with unintended consequences of big new costs for fovernment and utilities. We have so many people that are already struggling to keep up with their bills.

Please do what's right for Portland, our environment and our jobs.

Sincerely,

(b) (6)
